# Section 10: Sub-Associations

Within the Central Park neighborhood, multiple additional neighborhood associations have that same meaning as defined in the declaration. For purposes of this Manual neighborhood, associations are referred to as Sub-Associations. The Sub-Association and Master Association, as the MCA is, the relationship is unique but not uncommon.

A master association is an association that oversees and governs a group of smaller associations that typically share common areas of a large, planned community (the master community). Such smaller communities may be classified as single-family homes, townhomes, or condominiums. Each smaller community is bound by its own individual set of governing documents in addition to the master association governing documents.

When residing in a master / sub-association community, questions will inevitably arise regarding maintenance. Specifically, owners may question whether a component should be maintained by the master association or a sub-association. Common areas, which may include the pools, playgrounds, or other areas in the community which are available to all residents within the master association are typically maintained by the master association. Any amenity or common area which is specifically owned by and/or allocated solely to a sub-association is typically maintained by the sub-association. Again, individual documents for individual communities may contain maintenance requirements that stray from the general formula stated above. Therefore, as a board member or managing agent, it is extremely important to review both sets of governing documents before making statements regarding maintenance obligations.

In addition to the possibility of two assessments and two different entities performing maintenance in the community, individual owners will also be subject to two sets of covenants, rules and regulations, and design guidelines. The entire community, including all single-family homes, townhomes, and condominium units must comply with the master association covenants, rules and regulations, and design guidelines. In addition to these obligations, each individual sub-association will have a separate set of covenants, rules and regulations, and design guidelines (which will likely be different from other sub-association documents in the community). These covenants, rules and regulations, and design guidelines may not contradict each other.

Section 11.2 of the declaration grants the MCA authority to enforce those junior covenants developed by the Sub-Association. The MCA maintains a list of Sub-Association contact information on our website, the MCA endeavors to keep this information up to date but makes no warranties for the information and the content is provided for information only. The MCA is not involved in the management of Sub-Associations and does not collect information on the convents. The MCA is not a party to the maintenance obligations of the Sub-Association. When the MCA finds a violation on property owned by a Sub-Association, the MCA will issue notices pursuant to Section 6 and Section 7 to the Sub-Association. If the MCA finds that there is a violation on the property that falls under the jurisdiction of the Sub-Association but is not owned by the Sub-Association, the MCA shall issue the notice and applicable correspondence to the property owner, not the Sub-Association. If the responsibility to cure the violation is that of the Sub-Association the property owner shall be responsible for curing the issue with the Sub-Association. The MCA will not engage with the Sub-Association related to private property, correspondence shall only be directed to the property owner.

# Section 11: Cooperation with City Services

It shall be the policy of the MCA to cooperate with all city services in the provision of their duties. The Compliance Coordinator shall establish contacts and relationships at the City and County of Denver in the following departments and divisions: Transportation and Infrastructure, Right of Way Services, Right of Way Enforcement, Parks and Recreation, Park Rangers, Zoning, and Neighborhood Inspections, Police. The Compliance Coordinator shall also establish contacts in the similarly situated departments and visions in the City of Aurora.

The MCA shall refer to the City any matters that are outside of its jurisdiction but fall within the City's. If asked for records or documents the MCA shall supply them to the city.

# Section 12: Appeals

Any person who is served with a violation order is provided a right to appeal the order. Such appeal must be made within ten (10) days of the date of this order and be addressed to the Compliance Coordinator. Failure to timely appeal will cause the MCA to deem you have waived such right. Upon receipt of a request for appeal, the Compliance Coordinator shall review the appeal and determine if it is proper. If the Compliance Coordinator finds that the appeal is proper, they shall schedule a hearing of the Compliance Committee, once the date of a hearing is determined a notice of hearing will be sent to the individual requesting the appeal along with all relevant case materials. The hearing is governed by the MCA Covenant & Rule Enforcement Policy (Appendix 2).

Pursuant to MCA Policies and Procedures of Covenant Rule Enforcement (policy) appeals are afforded due process to seek resolution of alleged covenant violation, the authority of this policy is outlined in state law. MCA policy gives any person that is found to be in violation of the declaration or rules and regulations the opportunity to have a hearing to show the merit of the alleged violation.

At a hearing of the Compliance Committee impaneled under this section the committee will hear all relevant evidence. The committee will make an impartial decision based solely on the evidence presented at the hearing. The appellee is not required to attend the hearing, if the appellee attends the hearing, the appellee or a designated representative, may, make an opening statement, present evidence, and testimony, present witnesses, and make a closing argument. The MCA will supply the appellee with all evidence it will present in the hearing prior to the hearing. The MCA has the burden of proof in all hearings before the committee and must prove by a preponderance of the evidence that a violation of the declaration or rules and regulation has occurred.

After all relevant evidence has been presented the committee will make an impartial decision. Consistent with policy the committee has ten (10) days from the date of the hearing to make their decision. Most decisions are made during the hearing but sometimes the committee takes longer to make its decision. Once the committee has made its decision the appellee will be provided with a written copy of the decision.

If the committee determines that a violation of the declaration or rules and regulations exists, the property owner must then remedy the violation within fourteen (14) days of the date of the decision. Failure to remedy the violation will result in fines being assessed against the property consistent with MCA policy. If the committee determines that no violation exists, a notice of compliance will be issued to the property owner. You have the right to appeal the decision of the committee to the full Board of Directors, such appeal must be in writing and made within ten (10) days of the committee's decision. If the MCA does not receive a timely appeal the committee's decision will become final.

The MCA will by USPS Certified Mail supply the appellee a notice of the hearing and its date, time, and location. The MCA in the hearing notice will provide all evidence (Appendix 26).

# Section 13: Amendments

This Manual may be amended by resolution of the Board of Directors. The Board of Directors may delegate authority to amend this Manual to the Executive Director. Such delegation must be in writing. Notice and comment period of the proposed amendments must be provided pursuant to all MCA policies.

# Section 14: Persons Affected

If any provision of this Manual or the application thereof to any person or circumstance is held to be invalid, the remainder of the Manual, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect.

Any person aggrieved and affected by this Manual has the right to request judicial review by filing an action with the Denver District Court within 90 days of the effective date of this Manual. A duplicate copy of this Manual shall have the same effect as the original.

NOW, THEREFORE, the Original Declaration is replaced and amended and restated as follows:

#### RECITALS RELATING TO THIS COMMUNITY DECLARATION

A. Declarant expects to and may become the owner of portions of certain real estate in the City and County of Denver (the "City") and/or in the County of Adams, State of Colorado, which is generally shown by the illustration contained in *Exhibit A* attached hereto and by reference made a part hereof (the "Project Area").

B. As Declarant becomes the owner of portions of the Project Area, or afterwards, Declarant anticipates that those portions may be made subject to this Community Declaration, and thereafter be part of the "Real Property" as that term is used in this Community Declaration and as described in *Exhibit B* of this Community Declaration, as *Exhibit B* may be amended and supplemented from time to time.

C. Prior to Declarant's acquisition of any portion of the Project Area, the City, through and with the input of citizens of the City, prepared and approved, as an amendment to its comprehensive plan, the Stapleton Redevelopment Plan for the Project Area, initially published in 1995, which plan may be amended from time to time (the "**Development Plan**" or "**Green Book**"). Among other things, the Development Plan provides that the development of the Project Area should allow for and encourage affordable housing, education, job training, sustainable development and parks and open space.

D. Declarant, with the consent and approval of the entity set forth in *Exhibit C*, desires to create a Large, Master Planned Community on the Real Property under the initial name of 'Stapleton,' in which portions of the Real Property will be designated for separate ownership, with allowed diverse mixed uses, including residential uses, office uses, retail uses, light industrial and related uses, commercial uses, employment uses, education uses and public and private open space uses. Portions of the Real Property may be designated for ownership by a master owners' association.

E. Declarant, by this Community Declaration, desires:

(i) to allow for and encourage the purposes of the Development Plan, including affordable housing, education, jobs training, sustainable development, and parks and open space;

(ii) to allow for and encourage diversity of residential housing and mixed uses within the Community, including residential uses, office uses, retail uses, light industrial and related uses, commercial uses, employment uses, education uses, and public and private uses;

(iii) to further and promote the interests, health, safety and welfare of the residents, occupants, tenants and guests of the Community and/or of those other common interest communities and members of or within the Community;

(iv) to preserve, protect, and enhance the Community, consistent with established neighborhoods in the City;

(v) to provide for the maintenance, repair, improvement and replacement of the Common Elements and to provide services as set forth in this Community Declaration and various budgets of the Community Association;

(vi) to provide for the implementation of the powers and duties of the Board as set forth in this Community Declaration and the other Governing Documents of the Community; and

(vii) to implement the purposes of the Community Association as provided for in this Community Declaration and as provided for in any of the other Governing Documents of the Community.

F. Declarant desires to provide for the development of the Project Area to achieve these stated general purposes, and to allow the Community to undertake and continue these stated purposes as integral and fundamental aspects of the Community.

G. The Project Area is also subject to compliance with the Affordable Housing Plan as agreed to between the City and Declarant or its affiliates. A copy of the Affordable Housing Plan is attached hereto as *Exhibit D*. The purpose of the Affordable Housing Plan is to insure that a portion of the Project Area is owned, developed and used to facilitate housing for low and moderate income households.' No property within the Project Area shall be specifically subject to the Affordable Housing Plan until so designated by Declarant pursuant to Declarant's reserved Development Rights as set forth in this Community Declaration.

H. Declarant has caused the "Master Community Association, Inc.," a Colorado nonprofit corporation, to be incorporated under the laws of the State of Colorado, as a master owners' association, for the purpose of exercising the functions set forth in this Community Declaration.

I. Declarant, as the developer of the Community, has established this Community Declaration to provide a governance structure and a flexible system of standards and procedures for the overall development, expansion, administration, maintenance and preservation of the Community as a large, master planned community.

Now, therefore, Declarant declares as follows:

For the purposes of this exclusion, the relatives of a transferor shall include all lineal descendants of any grandparent of the transferor, and the spouses of the descendants. Any person's stepchildren and adopted children shall be recognized as descendants of that person for all purposes of this exclusion. For the purposes of this exclusion, a distribution from a trust shall be treated as a Transfer made by the grantors of the trust, in the proportions of their respective total contributions of the trust;

(iv) <u>Exempt Partition Transfers</u>. Any Transfer arising solely from the termination of a joint tenancy or the partition of property held under common ownership, except to the extent that additional consideration is paid in connection therewith;

(v) <u>Exemption for Transfers On Death</u>. Any Transfer or change of interest by reason of death, whether provided for in a will, trust or decree of distribution;

(vi) <u>Related Company Transfers</u>. Any Transfer made:

(a) by a majority-owned subsidiary to its parent corporation or by a parent corporation to its majority-owned subsidiary, or between majorityowned subsidiaries of a common parent corporation, in each case for no consideration other than issuance, cancellation or surrender of the subsidiary's stock; or

(b) by a partner, member or a joint venturer to a partnership, limited liability company or a joint venture in which the partner, member or joint venturer has not less than a 50 percent interest, or by a partnership, limited liability company or joint venture to a partner, member or joint venturer holding not less than a 50 percent interest in such partnership, limited liability company or joint venture, in each case for no consideration other than the issuance, cancellation or surrender of the partnership, limited liability company or joint venture interests, as appropriate; or

(c) by a corporation to its shareholders, in connection with the liquidation of such corporation or other distribution of property or dividend in kind to shareholders, if the Unit is transferred generally pro-rata to its shareholders and no consideration is paid other than the cancellation of such corporation's stock; or

(d) by a partnership, limited liability company or a joint venture to its partners, members or joint venturers, in connection with a liquidation of the partnership, limited liability company or joint venture or other distribution of property to the partners, members or joint venturers, if the Unit is transferred generally pro-rata to its partners, members or joint venturers and no consideration is paid other than the cancellation of the partners', members' or joint venturers' interests; or

(e) to a corporation, partnership, limited liability company, joint venture or other association or organization where such entity is owned in its entirety by the persons transferring the Unit and such persons have the same relative interests in the Transferee entity as they had in the Unit immediately prior to such transfer, and no consideration is paid other than the issuance of each such persons' respective stock or other ownership interests in the Transferee entity; or

(f) by any person(s) or entity(ies) to any other person(s) or entity(ies), whether in a single transaction or a series of transactions where the transferor(s) and the Transferee(s) are and remain under common ownership and control as determined by the Board or by the Community Investment Fund, in their sole discretion applied on a consistent basis; provided, however, that no such transfer or series of transactions shall be exempt unless either Board finds that such transfer or series of transactions (1) is for no consideration other than the issuance, cancellation or surrender of stock or other ownership interest in the transferor or Transferee, as appropriate, (2) is not inconsistent with the intent and meaning of this subsection; and (3) is for a valid business purpose and is not for the purpose of avoiding the obligation to pay Community Fee. For purposes of this subsection, a Transfer shall be deemed to be without consideration if (x) the only consideration is a book entry made in connection with an inter company transaction in accordance with generally accepted accounting principles, or (y) no person or entity that does not own a direct or indirect equity interest in the Unit immediately prior to the Transfer becomes the owner of a direct or indirect equity interest in the Unit (an 'Equity Owner') by virtue of the Transfer, and the aggregate interest immediately prior to the transfer of all Equity Owners whose equity interest is increased on account of the Transfer does not increase by more than 20 percent (out of the total 100 percent equity interest in the Unit), and no individual is entitled to receive directly or indirectly any consideration in connection with the Transfer. In connection with considering any request for an exception under this subsection, either Board may require the applicant to submit true and correct copies of all relevant documents relating to the Transfer and an opinion of the applicant's counsel (such opinion and counsel to be reasonably acceptable to the Board) setting forth all relevant facts regarding the Transfer, stating that in their opinion the transfer is exempt under this subsection, and setting forth the basis for such opinion;

(vii) Exempt Technical Transfers. Any Transfer made solely for the purpose of confirming, correcting, modifying or supplementing a Transfer previously recorded, making minor boundary adjustments, removing clouds on titles, or granting easements, rights-of-way or licenses, and any exchange of Units between Declarant and any original purchaser from Declarant of the one or more Units being transferred to Declarant in such exchange. To the extent that consideration in addition to previously purchased Units is paid to Declarant in such an exchange, the additional consideration shall be a Transfer subject to Assessment. To the extent that Declarant, in acquiring by exchange previously purchased from Declarant, pays consideration in addition to transferring Units, the amount of such additional consideration shall be treated as reducing the original assessable Transfer and shall entitle an original purchaser that previously purchased from Declarant, to a refund from the Association of the amount of the Community Fee originally paid on that portion of the original Transfer;

(viii) <u>Exempt Court Ordered Transfers</u>. Any Transfer pursuant to any decree or order of a court of record determining or vesting title, including a final order awarding title pursuant to a condemnation proceeding, but only where such decree or order would otherwise have the effect of causing the occurrence of a second assessable Transfer in a series of transactions which includes only one effective Transfer of the right to use or enjoyment of a Unit;

(ix) <u>Exempt Ground Leases</u>. Any lease of any Unit (or assignment or Transfer of any interest in any such lease) for a period of less than 30 years;

(x) <u>Exempt Transfers On Conveyance To Satisfy Certain Debts</u>. Any Transfer to secure a debt or other obligation or to release property which is security for a debt or other obligation, including Transfers in connection with foreclosure of a deed of trust or mortgage or Transfers in connection with a deed given in lieu of foreclosure;

(xi) <u>Exemption For Conveyance To a Tax Exempt Entity</u>. The Transfer, as a donation not for monetary value, of a Unit to an organization which is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code, as amended (or any comparable statute), provided that either the Board or the Community Investment Fund specifically approves such exemption in each particular case;

(xii) <u>Holding Company Exemption</u>. Any Transfer made by a corporation or other entity, for consideration (1) to any other corporation or entity which owns 100 percent of its equity securities (a 'Holding Company'), or (2) to a corporation or entity whose stock or other equity securities are owned, directly or indirectly, 100 percent by such Holding Company; (xiii) <u>Subsidiary Conveyance Exemptions</u>. Any Transfer from a partially owned direct or indirect subsidiary corporation to its direct or indirect parent corporation where consideration is paid for, or in connection with, such Transfer; however, unless such Transfer is otherwise exempt, such exemption shall apply only to the extent of the direct or indirect beneficial interest of the Transferee in the Transferor immediately prior to the Transfer. For example, if corporation A owns 60 percent of corporation B, and corporation B owns 100 percent of corporation C and corporation C conveys a Unit to corporation A for \$2,000,000, 60 percent of the Community Fee would be exempt and a Community Fee would be payable only on \$800,000 (i.e., 40 percent of the \$2,000,000 consideration); and

(xiv) Exemption For Certain Conveyances of Convenience. The consecutive Transfer of a Unit wherein the interim owner acquires such Unit for the sole purpose of immediately reconveying such Unit to the interim owner and such interim owner receives no right to use or enjoyment of such Unit, provided the Board specifically approves such exemption in each particular case. To the extent that consideration is paid to, or for the benefit of, the interim owner, the additional consideration shall be a Transfer subject to Assessment. In these cases, the first Transfer is subject to the Community Fee and subsequent Transfers will only be exempt as long as a Community Fee has been paid in connection with the first Transfer of such Unit in such consecutive transaction and only to the extent there is no consideration to the interim owner.

(i) <u>Amendment of the Community Fee Provisions of this Community</u> <u>Declaration</u>. No provision of this Community Declaration related to or supporting the Community Fee and no provision of this section may be amended without:

(i) the affirmative approval of all votes, by allocation of votes or voting groups, including Delegate Districts, in the Community Association; and

(ii) the affirmative approval of Community Investment Fund;

(iii) for a period of sixty (60) years following the date of initial recording of this Community Declaration, either the written consent of Forest City Enterprises, Inc., or Forest City Stapleton, Inc., or either of their express successors or assignees, which express successor or assignee has been transferred and has accepted this right in writing.

Section 6.13 <u>Other Assessments</u>. The Community Association shall also have the authority to assess Units, pursuant to and as allocated, under other provisions of this Declaration, the Act, or as allowed by Court Order or law.

Section 6.14 Statements of Account. The Community Association shall furnish to an Owner or such Owner's designee (including, without limitation, a prospective purchaser from or lender of such Owner), upon written request, delivered personally or by certified mail, first class, postage prepaid, return receipt, to the Community Association's registered agent, a written statement setting forth the amount of unpaid Assessments currently levied against such Owner's Unit. The written statement also shall notify the party requesting the statement that a Community Fee is payable at the time of Transfer of the Unit. If the request for such statement includes a statement of the Purchase Price for the sale of the Unit, the statement shall set forth the amount of the Community Fee payable based on such Purchase Price. If the request for such statement does not include a statement of the Purchase Price for the sale of the Unit, the statement shall set forth the formula for calculating the amount of the Community Fee payable on Transfer of the Unit. The statement shall be furnished within fourteen (14) calendar days after receipt of the request and shall be binding on the Community Association, the Board and every Owner. If no statement is furnished to the Owner or their designee, delivered personally or by certified mail, first class postage prepaid, return receipt requested, to the inquiring party, then the Community Association shall no right to assert a lien upon the Unit for unpaid Assessments which were due as of the date of the request. The Community Association shall have the right to charge a reasonable fee for the issuance of such certificates.

Section 6.15 Effect of Non-Payment of Assessments. Any Assessment, charge or fee provided for in this Community Declaration, or any monthly or other installment thereof, which is not fully paid within ten (10) days after the due date thereof, as established by the Board, shall bear interest at the rate of interest as may be determined, from time to time, by the Board, and the Community Association may assess a reasonable late charge thereon as determined by the Board. Further, the Community Association may bring an action at law or in equity, or both, against the person(s) personally obligated to pay such overdue Assessments, charges or fees, or monthly or other installments thereof, and may also proceed to foreclose its lien. An action at law or in equity by the Community Association against an Owner to recover a money judgment for unpaid Assessments, charges or fees, or monthly or other installments thereof, may be commenced and pursued by the Community Association without foreclosing, or in any way waiving, the Community Association's lien therefor. Foreclosure or attempted foreclosure by the Community Association of its lien shall not be deemed to estop or otherwise preclude the Community Association from thereafter again foreclosing or attempting to foreclose its lien for any subsequent Assessment, charges or fees, or monthly or other installments thereof, which are not fully paid when due. The Community Association shall have the power and right to bid on or purchase any Unit at foreclosure or other legal sale, and to acquire and hold, lease, mortgage, vote the Community Association votes appurtenant to ownership thereof, convey or otherwise deal with the same. The rights of the Community Association shall be expressly subordinate to the rights of any holder of a first lien security interest as set forth in its deed of trust or mortgage (including any assignment of rents), to the extent permitted under the Act.

Section 6.16 <u>Lien Priority</u>. The lien of the Community Association for all Assessments allowed for in this Community Declaration is prior to all other liens and encumbrances on a Unit except: (a) liens and encumbrances recorded before the recordation of the Community Declaration; (b) a first lien security interest on the Unit (except as otherwise provided in C.R.S. § 38-33.3-316(2)(b) or other applicable provisions of the Act with regard to the limited lien priority allowed to the Community Association); and (c) liens for real property taxes and other governmental assessments or charges against the Unit. This Section does not affect the priority of mechanics' or materialmen's liens. The lien of the Community Association under this Article is not subject to the provision of any homestead exemption as allowed under state or federal law. Transfer of any Unit shall not affect the lien for said Assessments or charges except that Transfer of any Unit pursuant to foreclosure of any first lien security interest, or any proceeding in lieu thereof, including deed in lieu of foreclosure, or cancellation or forfeiture shall only extinguish the lien of Assessment charges as provided by applicable state law. No such sale, Transfer, foreclosure, or any proceeding in lieu thereof, including deed in lieu of foreclosure, nor cancellation or forfeiture shall relieve any Unit from continuing liability for any Assessment charges thereafter becoming due, nor from the lien thereof.

## ARTICLE 7 GENERAL RESTRICTIONS

Section 7.1 <u>Purposes. Plan of Development; Applicability; Effect</u>. Declarant has created the Community as a mixed use, Master, Large Planned Community, in furtherance of its and every other Owner's collective interests. The Real Property is subject to land development constraints and requirements, Rules and Regulations and provisions of this Community Declaration governing land use, individual conduct, and uses of or actions upon the Real Property as provided in this Community Declaration. This Community Declaration establishes affirmative and negative covenants, easements, and restrictions.

Section 7.2 <u>Changes in Circumstances Anticipated</u>. Declarant has promulgated a general plan of development for the purposes stated in the recitals of this Community Declaration; provided, however, that in all cases and events such general plan for development shall be subject to the Community Association's ability to respond to changes in circumstances, conditions, needs, and desires within the Community, except as expressly provided for in this Community Declaration.

Section 7.3 <u>Owner Acknowledgment</u>. Each Owner is subject to this Community Declaration and the covenants and restrictions contained in this Community Declaration. By acceptance of a deed, or other instrument establishing title or ownership, each Owner acknowledges that such Owner has been given notice of this Community Declaration; that use of a Unit is limited by the provisions of the Governing Documents; that the Board may, from time to time, adopt and amend definitions of words, phrases and terms used in this Community Declaration and other Governing Documents; that the use, enjoyment and marketability of the Units can be affected by this Community Declaration; and that the restrictions and Rules and Regulations may change from time to time; provided, however, no action by the Board may invalidate a specific provision of this Community Declaration.

Section 7.4 <u>Use Covenants and Restrictions Based on Zoning</u>. Units within the Community shall be used for purposes as allowed by zoning, planned unit development or other local governmental determination. Use of Residential Units for primary residential use shall not be unreasonably regulated or governed by the Community Association. Use of Commercial Units for primary commercial uses shall not be unreasonably regulated or governed by the Community Association.

Section 7.5 <u>Units to be Maintained</u>. Owners of a Unit are responsible for the maintenance, repair and replacement of the properties located within their Unit boundaries except as such maintenance, repair and replacement are expressly the obligation of any applicable Neighborhood Association for that Unit. Each Unit and the Improvements on a Unit, shall, at all times, be kept in a clean, sightly, and wholesome condition.

Section 7.6 <u>Landscaping Requirements of Owners/Restrictions and Maintenance</u> <u>Covenants</u>. All portions of a Unit not improved with a residence, building, driveway, walkways, patios or decks (referred to as the unimproved area or landscaped areas of a Unit) shall be landscaped by the Owner thereof or a Builder, other than the Declarant. Any portions of a Unit that are not landscaped by a Builder must be fully landscaped by the Unit Owner, no later than one (1) year after the first occupancy of any portion of the Unit. The landscaping of each Unit, having once been installed, shall be maintained by the Owner, or the applicable owner association or Neighborhood Association, in a neat, attractive, sightly and well-kept condition, which shall include lawns mowed, hedges, shrubs, and trees pruned and trimmed, adequate watering, replacement of dead, diseased or unsightly materials, and removal of weeds and debris.

# Section 7.7 Subdivision of Units.

(a) The Owner of a Residential Unit shall have the right to subdivide his or her Unit (including, without limitation, by creating a condominium project upon such Unit or consolidating Units into one Unit) provided that the Owner: (i) obtains written approval from Declarant or the Board; (ii) obtains all necessary approvals under the Design Declaration; (iii) complies with the Act and all applicable laws, regulations, ordinances, statutes and orders of all governmental authorities having jurisdiction. Following any subdivision of a Residential Unit, including the creation of such a condominium project or consolidation of Units, the Owner of each Unit resulting or remaining from such subdivision shall be a Member of the Community Association.

(b) The right of the Owner of a Commercial Unit to subdivide is not restricted.

Section 7.8 <u>Restrictions on Subordinate Covenants, Maps and Planned Unit Developments</u> on Residential Units. Until expiration of the Period of Declarant Control, the prior written consent of Declarant, or its assignee (if this restriction and approval right is assigned in writing), shall be required by any Owner or with regard to any Residential Unit:

(a) before junior or subordinate covenants may be filed of record against all or any portion of a Unit, and

(b) before any planned unit development, map, plat or re-subdivision may be filed of record against all or any portion of a Unit.

In the event an Owner records covenants against all or any part of a Residential Unit without the written consent required by the provisions of this Section, or in the event an Owner records any planned unit development, map, plat or re-subdivision against all or any part of any Unit without the written consent required by the provisions of this Section, the instruments recorded shall be voidable and shall be deemed void by the Declarant (or its assignee) upon Declarant (or its assignee) recording a notice to that effect. Notwithstanding the foregoing, however, Builders, and any mortgagees of Builders acquiring title to any lots by foreclosure or deed in lieu of foreclosure, shall have the right to re-subdivide or otherwise modify any subdivision plat in order to make minor lot line modifications, provided such modifications do not increase or decrease the size of any lot by more than ten percent (10%).

Section 7.9 <u>Use of Common Elements</u>. There shall be no obstruction of the Common Elements, nor shall anything be kept or stored on any part of the Common Elements without the prior written approval of the Community Association. Nothing shall be altered on, constructed in, or removed from the Common Elements without the prior written approval of the Community Association.

Section 7.10 <u>Restriction on Timesharing and Similar Programs</u>. Use or ownership of any Unit for operation of a timesharing, fraction-sharing or similar program, where the right to exclusive use of a Dwelling Unit rotates among participants in the program on a fixed or floating time schedule over a period of years and all similar ownership or use programs, schemes or clubs is prohibited. Declarant and its assignees may operate any such program with respect to any Unit owned by the Declarant or its assignee.

Section 7.11 <u>Right of Owners Regarding Rules and Regulations</u>. In furtherance of the purposes of this Community Declaration, and subject to the Board's duty to exercise judgment and reasonableness on behalf of the Community Association and Members, the Board may adopt, amend or repeal, Rules and Regulations concerning and governing the Community or any portion thereof. The Board may establish and enforce penalties for the infraction thereof.

Section 7.12 <u>Construction Use</u>. It is expressly permissible for Declarant and Builders to perform construction and such other reasonable activities, and to maintain upon portions of the Community such facilities as deemed reasonably necessary or incidental to the construction and sale of Units in the development of the Community, specifically including, without limiting the generality of the foregoing, the maintenance of temporary business offices, storage areas, trash bins, construction yards and equipment, signs, model units, temporary sales offices, parking areas and lighting facilities.

Section 7.13 <u>Reasonable Rights to Develop</u>. None of the covenants and restrictions in this Community Declaration may unreasonably impede Declarant's or a Builder's right to develop the Real Property. Additionally, the Board may not adopt any Rule or Regulation that unreasonably impedes Declarant's or a Participation Builder's right to develop the Real Property, the exercise of any Development Rights, Special Declarant Rights or Additional Reserved Rights in accordance with this Community Declaration and/or the Act or the development rights of any Builder.

#### ARTICLE 8 INSURANCE/CONDEMNATION

Section 8.1 <u>Community Association Hazard Insurance on the Common Elements</u>. The Community Association shall obtain adequate hazard insurance covering loss, damage or destruction by fire or other casualty to the Common Elements and the other property of the Community Association. If obtainable, the Community Association shall also obtain the following insurance and any additional endorsements deemed advisable by the Board.

Section 8.2 <u>Community Association Liability Insurance</u>. The Community Association shall obtain an adequate comprehensive policy of public liability and property damage liability insurance covering all of the Common Elements, in such limits as the Board may from time to time determine, but not in any amount less than Two Million Dollars (\$2,000,000) per injury, per person, and per occurrence, and in all cases covering all claims for bodily injury or property damage. Coverage shall include, without limitation, liability for personal injuries, operation of automobiles on behalf of the Community Association, and activities in connection with the ownership, operation, maintenance and other uses of the Community. All liability insurance shall name the Community Association as the insured.

Section 8.3 <u>Community Association Fidelity Insurance</u>. The Community Association shall obtain adequate fidelity coverage or fidelity bonds to protect against dishonest acts on the parts of its officers, directors, trustees and employees and on the part of all others who handle or are responsible for handling the funds of the Community Association, including persons who serve the Community Association with or without compensation. The fidelity coverage or bonds should be in an amount sufficient to cover the maximum funds that will be in the control of the Community Association, its officers, directors, trustees and employees.

Section 8.4 <u>Community Association Worker's Compensation and Employer's Liability</u> <u>Insurance</u>. The Community Association shall obtain worker's compensation and employer's liability insurance and all other similar insurance with respect to its employees in the amounts and forms as may now or hereafter be required by law.

Section 8.5 <u>Community Association Officers' and Directors' Personal Liability Insurance</u>. The Community Association shall obtain a broad or expansive form of an officers' and directors' personal liability insurance to protect the officers and directors from personal liability in relation to their duties and responsibilities in acting as officers and directors on behalf of the Community Association.

Section 8.6 <u>Other Insurance of the Community Association</u>. The Community Association may obtain insurance against such other risks, of similar or dissimilar nature, as it shall deem appropriate with respect to the Community Association responsibilities and duties.

Section 8.7 <u>Community Association Insurance and General Terms</u>. The Community Association shall obtain and maintain in full force and effect to the extent reasonably available, and at all times, the insurance coverage set forth herein, which insurance coverage shall be provided by financially responsible and able companies duly authorized to do business in the State of Colorado.

Commencing not later than the time of the first conveyance of a Unit to a person other than a Declarant or a Builder, the Community Association shall maintain, to the extent reasonably available, policies for the above insurance with the following terms or provisions:

(a) All policies of insurance shall contain waivers of subrogation and waivers of any defense based on invalidity arising from any acts of an Owner and shall provide that such policies may not be canceled or modified without at least twenty (20) days prior written notice to all of the Owners and the Community Association.

(b) All liability insurance shall be carried in blanket form naming the Community Association, the Board, the Community Manager, the officers of the Community Association, the Declarant, their successors and assigns and Owners as insureds.

(c) Prior to obtaining any policy of casualty insurance or renewal thereof, pursuant to the provisions hereof, the Board may obtain an appraisal from a duly qualified Real Property or insurance appraiser, which appraiser shall reasonably estimate the full replacement value of the Common Elements, without deduction for depreciation, review any increases in the cost of living, and/or consider other factors, for the purpose of determining the amount of the insurance to be affected pursuant to the provisions hereof. In no event shall any casualty insurance policy contain a co-insurance clause for less than one hundred percent (100%) of the full insurable replacement cost.

Section 8.8 <u>Community Association Insurance Premium</u>. Except as assessed in proportion to risk, if permitted under the terms of this Community Declaration, insurance premiums for the above provided insurance shall be a part of the Community Wide Services Assessment.

Section 8.9 <u>Community Manager Insurance</u>. The Community Manager, if not an employee, shall be insured for the benefit of the Community Association, and shall maintain and submit evidence of such coverage to the Community Association.

Section 8.10 <u>Waiver of Claims Against Community Association</u>. As to all policies of insurance maintained by or for the benefit of the Community Association and Owners, the Community Association and the Owners hereby waive and release all claims against one another, the Board and Declarant, to the extent of the insurance proceeds available, whether or not the insurance damage or injury is caused by the negligence of or breach of any agreement by and of said persons.

Section 8.11 <u>Adjustments by the Community Association</u>. Any loss covered by an insurance policy described above shall be adjusted by the Community Association, and the insurance proceeds for that loss shall be payable to the Community Association. The Community Association shall hold any insurance proceeds in trust for the Community Association and Owners.

Section 8.12 <u>Condemnation and Hazard Insurance Allocations and Distributions.</u> In the event of a distribution of condemnation proceeds or hazard insurance proceeds to the Owners, the distribution shall be as the parties with interests and rights are determined or allocated by record, and pursuant to the Act.

# ARTICLE 9 RESIDENTIAL RENOVATION AND REMODELING DESIGN REVIEW

Section 9.1 <u>Required Approval for Certain Changes to Residential Units</u>. Changes to the exterior of the Improvements (after installation or construction by the initial Builder) of a Residential Unit, or of any Unit limited to residential use or intended to be used solely for residential purposes, that meet any of the criteria listed below, must first be submitted to and approved in writing by the Residential, Renovation and Remodeling Committee of the Community Association ("Committee"), unless pursuant to a Supplemental Declaration a Neighborhood Association or other committee has authority over such proposed changes and is exercising that authority with the approval of the Committee. If an Improvement of a Residential Unit or a Unit limited to residential use or intended to be used solely for residential purposes, meets any one of the following criteria, that Improvement must first be approved by the Committee:

(a) the Improvement increases the gross square footage of the Improvements, by proposed addition or proposed deletion of improved space or square footage;

(b) the Improvement adds an exterior deck or balcony at the primary entry to the Improvements or above the ground floor of the Unit;

(c) the Improvement effects a substantial change to the architectural style and character of the Improvements at the Unit, in the opinion of the Committee;

(d) the Improvement adds an accessory or additional structure to the Unit (sheds or storage structures are expressly permitted, and do not require approval of the Committee); or

(e) the Improvement would be a substantial change to the roof plane or lines of the Improvements at the Unit.

In addition, pursuant to the Design Declaration, any such changes described above may be subject to review by the design review committee of SDC Design, Inc., at such committee's discretion.

Section 9.2 <u>Approvals are not Required for the Itemized Changes to Residential Units</u>. The following changes to the exterior of the Improvements on a Residential Unit, or a Unit limited to residential use or intended to be used solely for residential purposes, are not required to be submitted to and approved in writing by the Committee, unless, pursuant to a Supplemental Declaration, a Neighborhood Association has authority over these proposed changes and is exercising that authority with the approval of the Committee:

- (a) changes in exterior colors;
- (b) any fencing or walls added to a Unit;
- (c) landscaping changes to a Unit;

- (d) an Improvement that is a shed or storage structure;
- (e) an Improvement that changes the front door of the Improvements on a Unit;

(f) an Improvement that is a deck or patio at ground level of the Improvements, and is not an addition to or improvement of the entry to the Improvements.

Owners acknowledge, however, that any of the changes exempted under this Community Declaration may be subject to review by the design review committee of SDC Design, Inc., pursuant to the Design Declaration.

Section 9.3 Action of the Committee. The Committee may require that applications of Owners be accompanied by payment of a fee for processing of the application, and/or a deposit for those costs, together with the plans and specifications showing exterior design, height, materials, color, location of the renovation, remodeling or addition to the proposed or existing Improvement (plotted horizontally and vertically), as well as such other materials and information as may be required by the Committee. The Committee shall exercise its reasonable judgment to the end that all renovations, remodels, additions and changes subject to regulation of this Community Declaration shall comply with the requirements of this Community Declaration and any Renovation and Remodeling Criteria adopted as provided for in this Community Declaration. The approval or consent of the Committee on matters properly coming before it shall not be unreasonably withheld, and actions taken shall not be arbitrary or capricious. Decisions of the Committee shall be conclusive and binding on all interested parties, subject to the right of an Owner to appeal to the Board, as provided for in this Community Declaration. Approval shall be based upon, but not limited to, conformity and harmony of exterior appearance of structures with neighboring structures, effective location and use of Improvements on nearby Units, preservation of aesthetic beauty, and conformity with the specifications and purposes generally set out in this Community Declaration. Any denial shall be in writing and shall reasonably set forth the basis for the denial.

Section 9.4 <u>Establishment of the Committee</u>. The Committee shall consist of five (5) members appointed, and subject to removal, by the Board.

Section 9.5 <u>Renovation and Remodeling Criteria</u>. The Board may adopt Renovation and Remodeling Criteria from time to time, which Renovation and Remodeling Criteria shall be deemed included in or with any Rules and Regulations adopted by the Community Association.

Section 9.6 <u>Reply and Communication</u>. The Committee shall reply in writing to all submittals of plans made in accordance with this Article in writing within forty-five (45) days after receipt. All communications and submittals shall be addressed to the Committee at such address as the chairman of the Committee may designate.

Section 9.7 <u>Variances</u>. The Committee may grant reasonable variances or adjustments from the Renovation and Remodeling Criteria or from any conditions and restrictions imposed by this Article in order to overcome practical difficulties and unnecessary hardships arising by reason of the application of the Renovation and Remodeling Criteria or such other conditions and restrictions. Such variances or adjustments shall be granted only when the granting thereof shall not

be materially detrimental or injurious to the other Units or Common Elements, nor deviate substantially from the general intent and purpose of the Renovation and Remodeling Criteria or Community Declaration.

Section 9.8 <u>Appeal Rights of Owners</u>. In the event that any application of an Owner is disapproved by the Committee, the applicant may have the right of appeal to the Board of the Community Association. In considering the appeal, the Board shall only overturn the Committee decision if the Board determines that the Committee abused its discretion or acted in an arbitrary or capricious manner.

Section 9.9 <u>No Deemed Waivers</u>. The approval or consent of the Committee, or appointed representative thereof, to any application for design approval shall not be deemed to constitute a waiver of any right to hold or deny approval or consent by the Committee as to any application or other matters subsequently or additionally submitted for approval or consent.

Section 9.10 <u>Liability</u>. The Committee and the members thereof, as well as any representative of the Committee designated to act on its behalf, shall not be liable in damages to any person submitting requests for approval or to any approval, or failure to approve or disapprove in regard to any matter within its jurisdiction under these covenants.

Section 9.11 <u>Records</u>. The Committee shall maintain written records of all applications submitted to it and of all actions taken by it with respect thereto. Such records shall be open and available for inspection by any interested party during reasonable business hours.

Section 9.12 Enforcement of this Article. Enforcement of the terms and provisions of this Article, as amended, may only be obtained by the Community Association, by a proceeding at law or in equity against any person or persons violating or attempting to violate any such provision. The Community Association shall have the right, but not the obligation to institute, maintain and prosecute any such proceedings. In any action instituted or maintained under this Section, the Community Association shall be entitled to recover its costs and reasonable attorneys' fees incurred pursuant thereto, as well as any and all other sums awarded by the court. Failure of the Community Association to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

# ARTICLE 10 DEVELOPMENT RIGHTS

Section 10.1 <u>Development Rights and Special Declarant Rights</u>. The Declarant reserves, for forty (40) years after the recording of this Community Declaration, the following Development Rights and Special Declarant Rights:

(a) The right to subject all or any portion of the Project Area to all or any portion of this Community Declaration;

(b) The right to add Units and designate uses, designate Delegate Districts or redesignate Delegate Districts; (c) The right to subject portions of the Real Property owned by the Declarant to additional or different covenants, conditions, terms and restrictions, as Declarant may determine;

(d) The right to relocate boundaries between adjoining Units owned by Declarant, enlarge Units owned by Declarant, enlarge or reduce the Common Elements, enlarge or reduce or diminish the size of Units owned by Declarant, reduce or diminish the size of areas of the Common Elements, subdivide Units or complete or make improvements on Units owned by Declarant, as the same may be indicated on maps or plats filed of record or filed with the Community Declaration;

(e) The right, but not the obligation, to construct additional Improvements on Common Elements, at any time from time to time in accordance with this Community Declaration for the improvement and enhancement of the Common Elements and for the benefit of the Community Association and the Owners;

(f) The right to designate portions of the Real Property (owned by the Declarant, or with the consent of the Owner), as being subject to the Affordable Housing Plan and further to record Affordable Housing Restrictions against such property;

(g) The right to designate, create or construct additional Units, Common Elements and Limited Common Elements, and to convert Units into Common Elements;

(h) The right to merge or consolidate the Community Association with any owner association within the Community, with SDC Design, Inc. (for the purposes of carrying on the functions of SDC Design, Inc.), and/or with the Community Investment Fund (for purposes of carrying on the functions allowed that entity under this Community Declaration);

(i) The right to amend the use restrictions included in this Community Declaration, together with the right to add new use restrictions;

(j) The right to exercise any development rights reserved or allowed in the Act;

(k) The right to appoint or remove any officer of the Community Association or any Director during the Declarant control period (as allowed by the Act);

(1) The right to withdraw Units owned by Declarant, or by a Builder (at the request of Declarant from such Builder), from the Community and the terms of this Community Declaration, except for Units within or a part of a building, once a Unit in that building has been conveyed, and as allowed and within applicable parameters of the Act. Such withdrawal may be accomplished by the execution, acknowledgment and recordation of a notice of withdrawal. The notice of withdrawal (i) shall be executed and acknowledged by the Owner or Owners of the property to be withdrawn; (ii) shall, if not then owned by Declarant, contain the executed and acknowledged written consent of Declarant for so long as Declarant owns any property in the Project Area and has the power to annex additional

property to the Community; (iii) shall contain an adequate legal description of the property to be withdrawn; (iv) shall contain a reference to the Supplemental Declaration for the portion of the Real Property to be withdrawn, which reference shall state the date thereof and the date of recordation thereof; and (v) shall contain a statement and declaration that the property sought to be withdrawn is withdrawn from the Community and from the effect of this Community Declaration;

(m) The right to amend the Community Declaration, maps or plats in connection with the exercise of any development right;

(n) The right to make amendments to the Community Declaration, Bylaws or Articles of Incorporation to meet or comply with any requirement of FHA or VA;

(0) The right, for itself and for the Builders, to maintain signs, sales offices, mobile offices, temporary buildings, parking lots, management offices and models in Units of the Declarant or of a Builder or on the Common Elements;

(p) The right, for itself and for the Builders, to maintain signs and advertising on the Community to advertise the Community or other communities developed or managed by, or affiliated with the Declarant;

(q) The right to establish, from time to time, by dedication or otherwise, public streets and utility and other easements for purposes including but not limited to public access, access, paths, walkways, drainage, recreation areas, parking areas, ducts, shafts, flues, conduit installation areas, and to create other reservations, exceptions and exclusions;

(r) Declarant expressly reserves the right to itself, and to Builder's, to perform warranty work, repairs and construction work and to store materials in secure areas, in Units and in Common Elements, and the future right to control such work and repairs, and the right of access thereto, until completion. All work may be performed without the consent or approval of any Owner or holder of a security interest. Declarant expressly reserves such easement through the Real Property as may be reasonably necessary for exercising reserved rights in this Community Declaration;

(s) The right to exercise any additional reserved right created by any other provision of this Community Declaration;

(t) Any rights created or reserved under this Article or the Act for the benefit of Declarant, for the express benefit of a Builder, may be transferred to any person by an instrument describing the rights transferred recorded in the real property records of the appropriate county. Such instrument shall be executed by the transferor and the transferee. Except as otherwise provided by the Act, the rights transferred may then be exercised in compliance with the requirements of C.R.S. § 38-33.3-210 and C.R.S. § 38-33.3-209(6) without the consent of the Community Association, any Owners or any holders of a security interest; (u) The consent of Owners or holders of security interests shall not be required for exercise of any reserved rights and Declarant or its assignees may proceed without limitation at its sole option. Declarant or its assignees may exercise any reserved rights on all or any portion of the property in whatever order determined. Declarant or its assignees shall not be obligated to exercise any reserved rights or to expand the Community beyond the number of Units initially submitted;

(v) Recording of amendments to the Community Declaration and the map or plat pursuant to reserved rights in this Community Declaration shall automatically effectuate the terms and provisions of that amendment. Further, such amendment shall automatically: (i) vest in each existing Owner the reallocated Allocated Interests appurtenant to their Unit; and (ii) vest in each existing security interest a perfected security interest in the reallocated Allocated Interests appurtenant to the encumbered Unit. Further, upon the recording of an amendment to the Community Declaration, the definitions used in this Community Declaration shall automatically be extended to encompass and to refer to the Community as expanded and to any additional Improvements, and the same shall be added to and become a part of the Community for all purposes. All conveyances of Units after such amendment is recorded shall be effective to transfer rights in all Common Elements, whether or not reference is made to any Amendment of the Community Declaration plat or map. Reference to the Community Declaration plat or map in any instrument shall be deemed to include all Amendments to the Community Declaration, plat and map without specific reference thereto;

(w) The rights reserved to Declarant, for itself, and for Builders, their successors and assigns, shall expire as set forth above, unless (i) reinstated or extended by the Community Association, subject to whatever terms, conditions, and limitations the Board may impose on the subsequent exercise of the expansion rights by Declarant, (ii) extended as allowed by law, or (iii) terminated by written instrument executed by the Declarant, recorded in the real property records of the appropriate county; and

(x) Additions of Units to the Community may be made by persons other than the Declarant, or its successors and assigns or Owners, upon approval of the Community Association pursuant to a majority vote of the Board. Such approval shall be evidenced by a certified copy of such resolution of approval and a supplement or amendment to this Community Declaration, recorded in the real property records of the appropriate county.

Section 10.2 <u>Development of the Community — Supplemental Declarations</u>. Before or after portions of the Real Property are conveyed by Declarant or a Builder to Owners other than Declarant or a Builder, a Supplemental Declaration for such portions may be recorded which may supplement the covenants, conditions and restrictions contained in this Community Declaration, as provided for above. Upon recordation of a Supplemental Declaration, the property covered thereby shall be subject to all of the covenants, conditions, restrictions, limitations, reservations, exceptions, equitable servitudes and other provisions set forth in this Community Declaration, except to the extent specifically stated in the Supplemental Declaration.

Supplemental Declarations must meet or include the following criteria:

(a) The Supplemental Declaration must be executed and acknowledged by Declarant, by a Builder or by the owner or owners of that portion of the Real Property covered by the Supplemental Declaration;

(b) If the property described in the Supplemental Declaration is not then owned by Declarant and provided that the Period of Declarant Control has not expired, the Supplemental Declaration must contain the executed and acknowledged written consent of Declarant;

(c) The Supplemental Declaration must include a reference to this Community Declaration, which reference shall state the date of recordation and the book and page numbers or reception number for this Community Declaration;

(d) The Supplemental Declaration must contain an adequate legal description of the property subject thereto;

(e) A statement that this Community Declaration shall apply to the added land as set forth therein;

(f) Initial use designations, if any, of the Units;

(g) Designation of any Local or Limited Common Elements, with allocated use rights and Neighborhood Service Assessments, if applicable;

(h) A designation of the Delegate District in which the added land is located or re-designation of any other Delegate Districts; and

(i) If desired by the party executing the Supplemental Declaration, written approval of the VA or HUD, as determined and obtained by that party, for only the portion of the Real Property subject or to be subject to that party's Supplemental Declaration, but only to the extent VA or HUD regulations require such approval. No consent of the Community Association, the Board, other Owners or any other person shall be required.

A deed by which Declarant conveys a parcel of property to another person may constitute a Supplemental Declaration if it meets the foregoing requirements.

Supplemental Declarations may impose, on the portion of the Real Property affected thereby, covenants, conditions, restrictions, limitations, reservations, exceptions, equitable servitudes and other provisions in addition to those set forth in this Community Declaration, taking into account the unique and particular aspects of the proposed development of the property covered thereby. Except where the Act does not require the creation of a Neighborhood Association, a Supplemental Declaration shall create a Common Interest Community pursuant to the Act; and, if so, shall provide for a Neighborhood Association within the property described in the Supplemental Declaration and for the right of the Neighborhood Association to assess such Owners.

### Section 10.3 Designating Property as Subject to the Affordable Housing Plan.

(a) In furtherance of the implementation of the Affordable Housing Plan, Declarant reserves the right to subject portions of the Project Area to Affordable Housing Restrictions by recording, or causing to be recorded, such restrictions against such property prior to the conveyance of the property to an Owner or Builder. No property within the Project Area shall be specifically encumbered by the Affordable Housing Plan except to the extent set forth in a recorded Affordable Housing Restriction.

(b) Declarant further reserves the right to prepare and record, or cause to be prepared and recorded, temporary and permanent Affordable Housing Restrictions against a Unit prior to the transfer of that property, or any portion thereof or any Unit thereon, to an Owner, other than a Builder.

Section 10.4 <u>No Annexation Required; Contraction of Project Area; Withdrawal of Annexed Property</u>. Notwithstanding any other provision of this Community Declaration to the contrary, nothing in this Community Declaration shall be construed to obligate the Project Area, or any portion thereof, to be made subject to this Community Declaration. Declarant expressly reserves the right, in its sole discretion, to determine not to make the Project Area, or any portion thereof, subject to this Community Declaration. Further, as provided in this Community Declaration, Declarant also has certain withdrawal rights.

Section 10.5 <u>Declarant's Rights to Complete Development of Project Area</u>. No provision of this Community Declaration shall be construed to prevent or limit Declarant's rights, and Declarant expressly reserves the right to complete the development of property within the boundaries of the Project Area and to construct or alter Improvements on any property owned by Declarant within the Project Area.

## ARTICLE 11 GENERAL PROVISIONS

Section 11.1 Compliance and Enforcement.

(a) Every Owner and occupant of a Unit shall comply with the Governing Documents, and each Owner shall have the right to enforce applicable covenants in this Community Declaration.

(b) The Association, acting through the Board, may enforce all applicable provisions of this Community Declaration and may impose sanctions for violation of the Governing Documents. Such sanctions may include, without limitation:

(i) imposing reasonable monetary fines, after notice and opportunity for a hearing, which fine shall constitute a lien upon the violator's Unit.

(ii) suspending the right to vote;

(iii) suspending any person's right to use any recreational facilities; provided, however, nothing herein shall authorize the Board to limit ingress or egress from a Unit;

(iv) suspending any services provided by the Association to an Owner or the Owner's Unit if the Owner is more than thirty (30) days delinquent in paying any Assessment or other charge owed to the Association;

(v) exercising self-help or taking action to abate any violation of the Governing Documents in a non-emergency situation;

(vi) requiring an owner, at its expense, to remove any structure or Improvement on such Owner's Unit in violation of the Governing Documents and to restore the Unit to its previous condition and, upon failure of the Owner to do so, the Board or its designee shall have the right to enter the property, remove the violation and restore the property to substantially the same condition as previously existed and any such action shall not be deemed a trespass;

(vii) without liability to any person, precluding any contractor, subcontractor, agent, employee, or other invitee of an Owner who fails to comply with the terms and provisions of the Article entitled "Residential Renovation and Remodeling Design Review" and the Renovation and Remodeling Criteria from continuing or performing any further activities in the Community; and

(viii) levying specific Assessments to cover costs incurred by the Association to bring a Unit into compliance with the Governing Documents.

(c) In addition, the Association, acting through the Board, may take the following enforcement procedures to ensure compliance with the Governing Documents:

(i) exercising self-help in any emergency situation (specifically including, but not limited to, the towing of vehicles that are in violation of any parking rules and regulations); or

(ii) bringing suit at law or in equity to enjoin any violation or to recover monetary damages or both.

(d) In addition to any other enforcement rights, if an Owner fails to properly perform his or her maintenance responsibility, or otherwise fails to comply with the Governing Documents, the Community Association may record a notice of violation or perform such maintenance responsibilities and assess all costs incurred by the Community Association against the Unit and the Owner as an Assessment. If a Neighborhood Association fails to perform its maintenance responsibilities, the Community Association may perform such maintenance and assess the costs against all Units within such Neighborhood Association. The Community Association shall provide the Owner or Neighborhood Association reasonable notice and an opportunity to cure the problem prior to taking such enforcement action.

(e) All remedies set forth in the Governing Documents shall be cumulative of any remedies available at law or in equity. In any action to enforce the Governing Documents, the prevailing party shall be entitled to recover all costs, including, without limitation, attorneys fees and court costs, reasonably incurred in such action.

(f) The decision to pursue enforcement action in any particular case shall be left to the Board's discretion, except that the Board shall not be arbitrary or capricious in taking enforcement action. Without limiting the generality of the foregoing sentence, the Board may determine that, under the circumstances of a particular case:

(i) the Association's position is not strong enough to justify taking any or further action;

(ii) the covenant, restriction or rule being enforced is, or is likely to be construed as, inconsistent with applicable law;

(iii) although a technical violation may exist or may have occurred, it is not of such a material nature as to be objectionable to a reasonable person or to justify expending the Community Association's resources; or

(iv) that it is not in the Community Association's best interests, based upon hardship, expense or other reasonable criteria, to pursue enforcement action.

Such a decision shall not be construed as a waiver of the Community Association's right to enforce such provisions at a later time under other circumstances or preclude the Community Association from enforcing any other covenant, restriction or rule.

Section 11.2 Joint Right to Enforce Junior or Subordinate Covenants. The Community Association, after first giving written notice to any governing Neighborhood Association or applicable or appropriate committee, if any, shall have the right to enforce, by any proceeding at law or in equity, all subordinate or junior restrictions, conditions, covenants, reservations, rules, regulations and architectural guidelines, now or hereafter imposed by the provisions of any subordinate or junior covenants, protective covenants, declaration, rules, regulations or guidelines on all or any portion of a Unit in this Community (including covenants for the payment of Assessments established in such subordinate or junior declaration if expressly permitted or delegated), except for Affordable Housing Restrictions. Further, the Community Association shall be entitled to enjoin any violation thereof, to cause any such violation to be remedied, or to recover damages resulting from such violation. In addition, violation of any such condition, covenant, restriction, reservation, rule, regulation or guideline shall give to the Community Association the right to enter upon the portion of the Unit wherein said violation or breach exists and to summarily abate and remove, at the expense of the violator, any structure, thing or condition that may be or exist thereon contrary to the intent and meaning of the applicable provisions of such subordinate or junior governing documents. No such entry by the Community Association or its agents shall be deemed a trespass, and the Community Association and its agents shall not be subject to liability for such

entry and any action taken to remedy or remove such a violation. The cost of any abatement, remedy or removal hereunder shall be a binding personal obligation on the violator. Further, the Community Association shall have the right, power and authority to establish and enforce penalties or monetary charges for violations of any subordinate or junior declaration, rules, regulations and architectural guidelines, and such penalties and/or monetary fines shall be a binding personal obligation of any violators. In any legal or equitable proceeding for the enforcement of such provisions, whether an action for damage, declaratory relief or injunctive relief, or any other action, the party prevailing in such action shall be entitled to recover from the losing party all of its costs, including court costs and reasonable attorneys' fees. The prevailing party shall be entitled to said attorneys' fees even though said proceeding may be settled prior to judgment. All remedies provided herein or at law or in equity shall be cumulative and are nonexclusive. Failure by the Community Association to enforce any covenant or restriction contained in any subordinate or junior governing documents shall in no event be deemed a waiver of the right to do so thereafter.

Section 11.3 <u>Violations Constitute a Nuisance</u>. Any violation of any provision, covenant, condition, restriction or equitable servitude contained in this Community Declaration, whether by act or omission, is hereby declared to be a nuisance and may be enjoined or abated, whether or not the relief sought is for negative or affirmative action, by any person entitled to enforce the provisions of this Community Declaration.

Section 11.4 <u>Remedies Cumulative</u>. Each remedy provided under this Community Declaration is cumulative and nonexclusive.

Section 11.5 <u>Severability</u>. Each of the provisions of this Community Declaration shall be deemed independent and severable. If any provision of this Community Declaration or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of this Community Declaration which can be given effect without the invalid provisions or applications.

Section 11.6 <u>Term of Community Declaration</u>. The covenants and restrictions of this Community Declaration shall run with and bind the land in perpetuity.

Section 11.7 <u>Amendment of Community Declaration. Map or Plat by Declarant</u>. Until the first Unit has been conveyed by a Builder or by Declarant to a Unit Owner other than the Declarant or a Builder, by deed recorded in the real property records of the appropriate county, any of the provisions, covenants, conditions, restrictions and equitable servitudes contained in this Community Declaration, the Exhibits of this Community Declaration, or the map or the plat may be amended by Declarant by the recordation of a written instrument, executed by Declarant, setting forth such amendment. Thereafter, if Declarant shall determine that any amendments shall be necessary in order to make non-material changes, such as for the correction of a technical, clerical or typographical error or clarification of a statement or for any changes to property not yet part of the Community, then, subject to the following sentence of this Section, Declarant shall have the right and power to make and execute any such amendments without obtaining the approval of any Owners. Each such amendment of this Community Declaration shall be made, if at all, by Declarant prior to the expiration of forty (40) years from the date this Community Declaration is recorded. In furtherance of the foregoing, a power coupled with an interest is hereby reserved and granted to

Declarant to make or consent to an amendment under this section on behalf of each Owner and holder of a security interest. Each deed, security interest, other evidence of obligation or other instrument affecting a Unit and the acceptance thereof shall be deemed to be a grant and acknowledgment of, and a consent to the reservation of, the power of Declarant to make, execute and record an amendment under this Section.

Section 11.8 <u>Amendment of Community Declaration by Owners</u>. Except as otherwise expressly provided in this Community Declaration, and subject to provisions elsewhere contained in this Community Declaration requiring the consent of Declarant or others, any provision, covenant, condition, restriction or equitable servitude contained in this Community Declaration may be amended, repealed, added to, and/or changed by the addition of new or different covenants, conditions or restrictions at any time and from time to time upon approval of:

(a) at least fifty-one percent (51%) of the votes directly from the Residential Units; and

(b) at least fifty-one percent (51%) of the votes directly from the Commercial Units; and

(c) at least fifty-one percent (51%) of the votes directly from any other class of Unit, as such classes may subsequently be established by Declarant, and

(d) with the written consent of the Community Association.

The Delegates shall not be empowered to vote on any such amendment, as the right to amend is exclusively reserved to the Owners, as above provided. An amendment or repeal shall be effective upon the recordation in the real property records of all counties of which the Community is a part, which may include the City and the County of Adams, of a certificate, setting forth the amendment in full and certifying that the amendment has been approved as set forth above, and containing the written consent and approval of the Community Association.

Section 11.9 <u>Amendment Required by Mortgage Agencies</u>. Prior to forty (40) years after recording of this Community Declaration, any provision, covenant, condition, restriction or equitable servitude contained in this Community Declaration which FHA, VA, FHLMC, GNMA, FNMA or any similar entity authorized to insure, guarantee, make or purchase mortgage loans requires to be amended or repealed shall be amended or repealed by Declarant or the Community Association. Any such amendment or repeal shall be effective upon the recordation in the real property records of all counties of which the Community is a part, which may include the City and the County of Adams, of a certificate, setting forth the amendment or repeal in full.

Section 11.10 <u>Required Consent of Declarant to Amendment</u>. Notwithstanding any other provision in this Community Declaration to the contrary, any proposed amendment or repeal of any provision of this Community Declaration reserving development rights or for the benefit of the Declarant, or the assignees, shall not be effective unless Declarant, and its assignees, if any, have given written consent to such amendment or repeal, which consent may be evidenced by the execution by Declarant or its assignees of any certificate of amendment or repeal. The foregoing requirement for consent to any amendment or repeal shall terminate upon the expiration of the Period of Declarant Control.

Section 11.11 <u>Validity of Amendments</u>. As provided by the Act, any action to challenge the validity of an amendment of this Community Declaration must be brought within one year after the amendment is recorded in the real property records of all counties of which the Community is a part, which may include the County of Adams.

Section 11.12 <u>Interpretation</u>. The provisions of this Community Declaration shall be liberally construed to effectuate their purposes of creating a uniform plan for the development of the Units and of promoting and effectuating the fundamental concepts as set forth in the recitals of this Community Declaration. This Community Declaration shall be construed and governed under the laws of the State of Colorado.

Section 11.13 <u>No Representations or Warranties</u>. No representations or warranties of any kind, express or implied, shall be deemed to have been given or made by Declarant or its agents or employees in connection with any portion of the Community, its or their physical condition, zoning, compliance with applicable laws, fitness for intended use, or in connection with the subdivision, sale, operation, maintenance, cost of maintenance, taxes or regulation thereof, unless and except as shall be specifically set forth in writing.

Section 11.14 <u>Singular Includes the Plural</u>. Unless the context otherwise requires, the singular shall include the plural, and the plural shall include the singular, and each gender referral shall be deemed to include the masculine, feminine and neuter.

Section 11.15 <u>Captions</u>. All captions and titles used in this Community Declaration are intended solely for convenience of reference and shall not enlarge, limit or otherwise affect that which is set forth in any paragraph, section or article hereof.

Section 11.16 <u>Liberal Interpretation</u>. The provisions of this Community Declaration shall be liberally construed as a whole to effectuate the purposes of this Community Declaration.

Section 11.17 <u>Governing Law</u>. This Community Declaration shall be construed and governed under the laws of the State of Colorado.

## AFFORDABLE HOUSING PLAN

[See attached Affordable Housing Plan]

WhCIC CLIENTS/Forest City.cic/Large PC Docs/First A&R Community Declaration, Final.wpd 101 May 9, 2002

### <u>Stapleton Affordable Housing Plan</u> January 29, 2001

#### <u>A. Background</u>

The Stapleton Development Corporation ("SDC"), the City and County of Denver ("City"), and Forest City Enterprises ("Forest City") have developed this Stapleton Affordable Housing Plan ("Plan"). The purpose of the Plan is to set forth the expectations of the parties with regard to the development of housing for low and moderate income households at Stapleton, in furtherance of the requirements of Section IV (B) of the Development Agreement between the City and Forest City, and Section 5.19 (c) of the Amended and Restated Stapleton Purchase Agreement between SDC and Forest City ("Purchase Agreement"). In formulating this Plan, the parties have assumed that approximately 8,000 for-sale dwelling units and 4,000 multi-family rental units will be developed at Stapleton upon final buildout. However, the percentage requirements for affordable housing shall apply regardless of the number of units that are ultimately built.

The Stapleton Development Plan (the "Green Book"), adopted by Denver City Council in March 1995, calls for the development of affordable housing, including low income and very low income housing, as well as the attraction of middle and upper income families, to the northeast area through a broad mix of housing types, densities, and price ranges. To realize that vision, it is necessary to concentrate efforts towards serving renters earning 60% and below of the Median Family Income ("MFI") and homebuyers earning 80% and below of MFI. Through normal market forces the additional broad range of housing can be achieved. Therefore, this Plan establishes specific requirements that are needed to carry out the affordable housing objectives.

#### B. Definitions

. As used in this plan, the following terms have the following meanings:

Affordable Workforce Housing: Means dwelling units that are offered for sale at a price which is affordable by and that are in fact are sold to households earning 80% and below of MFI for owner-occupancy only.

Affordable Housing: Means Affordable Workforce Housing and Affordable Rental . Housing.

Affordable Reptal Housing: Means dwelling units that are offered for lease at a rent which is affordable by and that are in fact leased to households earning 60% and below of MFI, including Very Low-Income Housing.

MFI: Means the most current median family income for the Denver Metropolitan Statistical Area as published from time to time by the U.S. Department of Housing and Urban Development, adjusted for household size. Public Subsidy: Means monetary or nonmonetary assistance, or both, from any city, county, state or federal program or any nonprofit organization provided to assist in the development of affordable housing.

Special Needs Housing: Means dwelling units for persons such as the dependent elderly, physically disabled, chronically mentally ill, and others that need services provided on site.

Stapleton For-Sale Housing: Means the total number of for-sale dwelling units to be developed at Stapleton upon final buildout.

Stapleton Rental Housing: Means the total number of for-rent dwelling units to be developed at Stapleton upon final buildout.

Very Low-Income Housing: Means Affordable Rental Housing units that are offered for lease at a rent which is affordable by and that are in fact leased to households earning 50% and below of MFI, of which a portion shall be affordable by and leased to households earning 30% and below of MFI.

#### C. Production of Affordable Housing

Affordable Housing shall be generally dispersed throughout Stapleton's 2,935 developable acres, both north and south of I-70. However, the affordable housing should be located near public transportation and shopping areas, and consequently may be more concentrated in certain areas of the site.

- 1. Affordable Rental Housing
  - a. Forest City shall develop or cause to be developed at least 20% of Stapleton , Rental Housing as Affordable Rental Housing meeting the requirements of this Plan.
    - (i) The parties mutually acknowledge that, in order to create Affordable Rental Housing, a Public Subsidy will be required.
    - (ii) If sufficient Public Subsidy is not available at the time Forest City is prepared to develop a particular Affordable Rental Housing project, then at Forest City's option, after consultation with SDC, it shall either (A) leave a parcel of land undeveloped, sufficient in size, to accommodate the Affordable Rental Housing project until such time as sufficient Public Subsidy is available, or (B) determine to meet the requirement for Affordable Rental Housing elsewhere at Stapleton at a later date.
    - (iii) To achieve the Stapleton Development Plan principles, SDC, the City and Forest City intend that at least 25% of the required Affordable Rental Housing units be developed as Very Low-Income Housing, a portion of which would be developed and made available as Special

Needs Housing. The parties acknowledge that, to accomplish this goal. significant Public Subsidy will be required, along with the participation of non-profit housing providers. In recognition of this fact, Forest City shall be deemed to have fulfilled the requirement for Very Low-Income Housing by: (A) donating eight acres of land at Stapleton to non-profit housing providers at no cost, which land shall be divided into at least four sites, each of which shall be zoned for a density of 25 dwelling units per acre and shall accommodate no more than 50 dwelling units; and (B) obtaining from such providers commitments acceptable to the City and SDC for the provision of Very Low-Income Housing in accordance with the requirements of this Plan. Forest City shall designate the development sites and select the providers to fulfill this requirement for Very Low-Income Housing. With regard to any particular site, if, after reasonable attempts, Forest City has been unable to obtain from such providers commitments acceptable to the City and SDC as provided in (B) above, Forest City shall have the option to convey such site to the City in lieu of continuing to seek such commitments and shall be deemed to have fulfilled its requirements under this paragraph for such site through such conveyance.

- b. Affordable Rental Housing shall be developed in mixed-income developments with the exception of Special Needs Housing. Special Needs Housing developments may be but are not required to be mixed-income.
- 2. Affordable Workforce Housing

Forest City shall develop or cause to be developed at least 10% of Stapleton For-Sale Housing as Affordable Workforce Housing meeting the requirements of this Plan.

#### D. Provisions for Ensuring Long-Term Affordability of Housing

 Any Affordable Housing unit produced to fulfill the requirements of this Plan shall be subject to a deed restriction or other mutually agreeable mechanism guaranteeing the long term affordability of the unit. For Affordable Work Force Housing, "long term affordability" means that the purchase and sale of the unit meets the requirements for affordability set forth in the Plan both upon the initial sale of the unit, and every other time the unit is sold for a period of at least thirty years from the date of the initial sale. For Affordable Rental Housing, "long term affordability" means that the rent charged to any tenant for occupancy of the unit shall always meet the requirements for affordability set forth in this Plan for a period of at least thirty years from the date of the initial lease. The period of long term affordability of any Affordable Housing project may be extended beyond thirty years if required under the financing arrangement for the particular project. A deed restriction or other mutually agreeable mechanism shall not be required if binding provisions for ensuring long term affordability are included in the financing arrangement for a particular Affordable Housing project.

- 2. Provisions for ensuring the long term affordability of Affordable Rental Housing units shall include a 1-year transition period, at the expiration of the requirement of long term affordability, to allow any tenant then qualifying for Affordable Rental Housing to make alternative housing arrangements. During this transition period, any such tenant; may remain in the unit, and the rent charged for the unit shall continue to meet the requirements for affordability set forth in this plan for so long as the tenant remains in the unit during the 1-year transition period. The requirements of this paragraph shall not apply to any unit that is vacant or that is not occupied by a tenant qualifying for Affordability.
- 3. If any Affordable Housing unit becomes vacant while the requirement for long term affordability is in effect, the unit shall be made available for sale or lease to another qualifying household.
- 4. The City, SDC, and Forest City will strive to identify mechanisms that may extend affordability past 30 years.
- E. Types of Affordable Units
  - 1. The following minimum square footage requirements relating to types of affordable units shall not apply to Special Needs Housing.
  - Unit size shall, at least, meet these minimum square footage requirements for all Affordable Housing units.

Unit Type	No. Of Persons	Sq. Ft.
Studio/Jr. Bdrm.	11	400
1 Bedroom	2	600
2 Bedroom	3	750
3 Bedroom	5	1100
4 Bedroom	6	1250

Assumed household size and minimum square footage:

- 3. The following requirements shall apply separately both to the total number of Affordable Rental Housing units and to the total number of Affordable Workforce Housing units developed to fulfill the requirements of this Plan:
  - a. At least 15% of the units shall have three (3) or more bedrooms.
  - b. No more than 35% of the units shall have one (1) bedroom or less of which no more than 10% shall be studio apartments or junior bedroom units.
- 4. All Affordable Rental Housing and Affordable For Sale Housing shall be constructed of first quality materials equal to or better than FHA standards and

reasonably similar in character to surrounding market rate units and built in accordance with design standards consistent with the Stapleton Design Guidelines.

5. Not more than 35% of the Affordable Rental Housing shall be housing for independent seniors.

#### F. Buyer/Renter Qualification

- 1. Buyers and tenters shall be qualified upon the initial purchase or leasing of an Affordable Housing unit using general HUD standards for income qualification.
- 2. No re-certification shall be required for so long as the buyer or renter remains a resident of the Affordable Housing unit unless such re-certification is required according to the financing arrangements for the particular Affordable Housing unit.
- 3. There shall be no discrimination on the basis of age (except in senior housing), race, creed, color, sex, sexual orientation, disability, religion, national origin, marital status or affiliation.
- 4. The owner of any Affordable Rental Housing unit shall not discriminate against the use of Section 8 vouchers by any tenant who is otherwise qualified to rent and occupy such a unit according to the standards set forth in this Plan.
- 5. Residents of Affordable-Housing units shall have the same access to common area amenities as residents of the market rate units of the project within which they reside.
- 6. A household earning less than 60% of MFI shall not be disqualified from leasing an Affordable Rental Housing unit due to a rent-to-income ratio if such tenant has had a satisfactory rent-paying history for 24 months at a rent at least equal to the rent to be paid for the unit.

#### G. Resources

SDC and the City acknowledge that Public Subsidy will be necessary for Forest City to fulfill the requirements set forth in this Plan. The City will assess needs for affordable housing for Stapleton and throughout the City and will consider funding requests for Stapleton projects based on these ongoing needs assessments. Forest City shall be eligible to seek Public Subsidy from the City on the same basis as other developers operating within the City; however any decision to grant any such Public Subsidy shall be at the sole discretion of the City.

#### H. Monitoring for Compliance with Plan

The requirements set forth in this Plan for the production of Affordable Housing are expressed as percentages and sub-percentages of the total number of dwelling units that will ultimately be constructed at Stapleton. Nothing in this Plan shall be construed to require the inclusion of a certain number or percentage of Affordable Housing units in any particular phase of the development or in every individual housing project at Stapleton. In fact, SDC, the City, and Forest City anticipate that some housing projects at Stapleton may contain no Affordable Housing units whatsoever. Nevertheless, Forest City shall endeavor to develop or cause to be developed Affordable Housing units at a pace reasonably consistent with the pace of development of market rate housing at Stapleton. Forest City shall report in writing to SDC and the City its progress in fulfilling the requirements of this plan no less frequently than once annually. Any disputes between the City and Forest City regarding compliance with this Plan shall be resolved as provided in Section VI (E) of the Development Agreement and Section 7.1 of the Purchase Agreement.

## Appendix 2 Resolution Adopting Policy and Procedure for Covenant Rule Enforcement

#### RESOLUTION OF THE MASTER COMMUNITY ASSOCIATION, INC. REGARDING POLICIES AND PROCEDURES FOR COVENANT AND RULE ENFORCEMENT

- **SUBJECT:** Adoption of a policy regarding the enforcement of covenants and rules and procedures for the notice of alleged violations, conduct of hearings and imposition of fines.
- **PURPOSE:** To adopt a uniform procedure to be followed when enforcing covenants and rules to facilitate the efficient operation of the Association.
- AUTHORITY: The Declaration, Bylaws, Articles of the Association, and Colorado law, including, but not limited to, C.R.S. 38-33.3-209.5.

## EFFECTIVE NOVEMBER 16, 2011

**RESOLUTION:** The Association hereby adopts the following procedures to be followed when enforcing the covenants and rules of the Association, which shall replace and supersede any and all policies previously adopted by the Board of Directors regarding covenant and rule enforcement:

1. <u>Reporting Violations</u>. Complaints regarding alleged violations may be reported by an Owner or resident within the community, a group of Owners or residents, the Association's Manager, if any, Board member(s) or committee member(s) by submission of a complaint.

2. <u>Complaints</u>. (a) Complaints by Owners or residents shall be in writing and submitted to the Board of Directors. A written complaint is not required if the alleged violation can be independently verified by the Association. The complaining owner or resident shall have observed the alleged violation and shall identify the complainant ("Complainant"), the alleged violator ("Violator"), if known, and set forth a statement describing the alleged violation, referencing the specific provisions which are alleged to have been violated, when the violation was observed and any other pertinent information. Complaints failing to include any information required by this provision may not be investigated or prosecuted at the discretion of the Association. (b) Complaints by a member of the Board of Directors, a committee member, or the manager, if any, may be made in writing or by any other means deemed appropriate by the Board if such violation was observed by the Director or manager. 3. <u>Investigation</u>. Upon receipt of a complaint by the Association, if additional information is needed, the complaint may be returned to the Complainant or may be investigated further by a Board designated individual or committee. The Board shall have sole discretion in appointing an individual or committee to investigate the matter.

11

4. <u>Voluntary Compliance</u>. It is the intent of the Association to gain voluntary compliance without the need to resort to violation letters and fines. Therefore, upon receipt of a complaint, the Association will first attempt to informally resolve the matter through phone calls to the alleged Violator and through coordination with the subassociation, if any, to which the alleged Violator belongs. If these efforts fail, the Board may, at its discretion, use the other remedies included in this Policy, including the imposition of fines.

5. <u>Courtesy Letter</u>. If a violation is found to exist and informal means of resolving the matter have failed, a courtesy letter may be sent to the Violator explaining the nature of the violation. If the violation is a continuous violation, meaning one that continues and is uninterrupted by time, the letter shall advise the Violator that he or she will have 10 days from the date of the letter to come into compliance, and shall advise the Violator if he or she does not come into compliance, the Violator may be subject to fines pursuant to this Policy. If the violation is not a continuing one, meaning the violation is a one-time discrete violation, such as pool rule violations, the letter shall contain a statement advising the Violator that a violation has occurred and that subsequent violations of the same rule or covenant may result in the imposition of fines pursuant to this Policy.

6. Continued or Subsequent Violation After Courtesy Letter. In the case of a continuous violation, if the alleged Violator does not come into compliance within 10 days of the courtesy letter or any other prior violation letter, a fine letter shall then be sent to the alleged Violator, providing notice and an opportunity for a hearing, and explaining a fine may be imposed pursuant to this Policy. The letter shall further state that the alleged Violator is entitled to a hearing on the merits if requested in writing within 10 days of the subsequent violation letter. In the case of one-time discrete violations, if the Violator subsequently violates the same rule or regulation for which the Violator received a prior courtesy or fine letter, a fine letter shall then be sent to the alleged Violator, providing notice and an opportunity for a hearing, and explaining a fine may be imposed pursuant to this Policy. The letter shall further state that the alleged Violator is entitled to a hearing on the merits if requested in writing within 10 days of the subsequent violation letter.

7. <u>Notice of Hearing</u>. If a hearing is requested by the alleged Violator, the Board, committee or other person conducting such hearing as may be determined in the sole discretion of the Board, may serve a written notice of the hearing to all parties involved at least 10 days prior to the hearing date.

8. Impartial Decision Maker. Pursuant to Colorado law, the alleged Violator has the right to be heard before an "Impartial Decision Maker". An Impartial Decision Maker is defined under Colorado law as "a person or group of persons who have the authority to make a decision regarding the enforcement of the association's covenants, conditions, and restrictions, including architectural requirements, and other rules and regulations of the association and do not have any direct personal or financial interest in the outcome. A decision maker shall not be deemed to have a direct personal or financial interest in the outcome if the decision maker will not, as a result of the outcome, receive any greater benefit or detriment than will the general membership of the association." Unless otherwise disqualified pursuant to the definition of Impartial Decision Maker, the Board may appoint to act as the Impartial Decision Maker the entire Board, specified members of the Board, any other individual or group of individuals.

9. <u>Failure to Timely Request Hearing</u>. If the alleged Violator fails to request a hearing within 10 days of any fine letter, or fails to appear at any hearing, the Impartial Decision Maker may make a decision with respect to the alleged violation based on the Complaint, results of the investigation, and any other available information without the necessity of holding a formal hearing. If a violation is found to exist, the alleged Violator may be assessed a fine pursuant to this Policy.

10. Hearing. At the beginning of each hearing, the presiding officer, shall introduce the case by describing the alleged violation and the procedure to be followed during the hearing. Each party or designated representative, may, but is not required to, make an opening statement, present evidence and testimony, present witnesses, and make a closing statement. The presiding officer may also impose such other rules of conduct as may be appropriate under the given circumstances. Neither the Complainant nor the alleged Violator is required to be in attendance at the hearing. The Impartial Decision Maker shall base its decision solely on the matters set forth in the Complaint, results of the investigation and such other credible evidence as may be presented at the hearing. Unless otherwise determined by the Board, all hearings shall be open to attendance by all Owners. After all testimony and other evidence has been presented at a hearing, the Impartial Decision Maker shall, within a reasonable time, not to exceed 10 days, render its written findings and decision, and impose a fine, if applicable. Failure to strictly follow the

{05745746.DOC;1}3

hearing procedures set forth above shall not constitute grounds for appeal of the hearing committee's decision absent a showing of denial of due process.

11. <u>Notification of Decision</u>. The decision of the Impartial Decision Maker shall be in writing and provided to the Violator within 10 days of the hearing, or if no hearing is requested, within 10 days of the final decision.

12. <u>Fine Schedule</u>. The following fine schedule has been adopted for all recurring discrete covenant or rule violations:

First violation	\$50.00
Second violation (of same covenant or rule)	\$100.00
Third violation (of same covenant or rule)	\$250.00
Fourth violation (of same covenant or rule)	\$500.00

Fourth and subsequent covenant violations may be turned over to the Association's attorney to take appropriate legal action. Any Owner committing three or more violations in a six month period (whether such violations are of the same covenant or different covenants) may be immediately turned over to the Association's attorney for appropriate legal action.

13. <u>Continuous Violations</u>. Continuous violations are defined as violations of Owner obligations that are uninterrupted by time. For example: the failure to remove an unapproved exterior improvement. If an Owner is determined as having a continuous violation, in accordance with the terms of this Policy, such Owner may be subject to a daily fine of \$50.00 per day per covenant if not corrected, following a notice and opportunity for a hearing as set forth above. If the violation is not cured within 30 days after the commencement of the daily fine, the Association may turn the matter over to the Association's attorney to take appropriate legal action.

14. <u>Other Charges</u>. In addition to the fines outlined above, each Owner shall be liable to the Association for any damage to the Common Elements or for any expense or liability incurred by the Association which may be sustained by reason of negligence or willful misconduct of such Owner or a guest of the Owner, and for any violation by such Owner or guest of the Declaration or the Association's rules and regulations. In any action to enforce any violation, the Association, if it prevails, shall be entitled to recover all costs, including without limitation, attorney fees and courts costs, reasonably incurred in such action.

15. <u>Waiver of Fines</u>. The Board may waive all, or any portion, of the fines if, in its sole discretion, such waiver is appropriate under the circumstances. Additionally, the Board may condition waiver of the entire fine, or any portion thereof, upon the Violator coming into and staying in compliance with the Articles, Declaration, Bylaws or Rules.

16. <u>Violations on Common Elements</u>. If a violation occurs on Common Elements, the Association may use self-help to correct the violation.

17. <u>Other Enforcement Means</u>. In the event there is not voluntary compliance, the Board may use all other enforcement means which are available to the Association through its Declaration, Bylaws, Articles of Incorporation and Colorado law.

18. <u>Definitions.</u> Unless otherwise defined in this Resolution, initially capitalized or terms defined in the Declaration shall have the same meaning herein.

19. <u>Supplement to Law</u>. The provisions of this Resolution shall be in addition to and in supplement of the terms and provisions of the Declaration and the law of the State of Colorado governing the Project.

20. <u>Deviations</u>. The Board may deviate from the procedures set forth in this Resolution if in its sole discretion such deviation is reasonable under the circumstances.

21. <u>Amendment.</u> This policy may be amended from time to time by the Board of Directors.

#### PRESIDENT'S

.

Thereafter, the Association shall be responsible for obtaining any renewals of the CO's or Operating Permits necessary for the operation, maintenance, repair and replacement of the Association Managed Facilities. The District will cooperate with the Association in executing documents and taking other steps to enable the Association to obtain any such renewals.

On or before the end of such 30-day period, the Association shall have the opportunity to provide to the District and the Construction Manager a punchlist of items (the "Punchlist") that it believes need to be completed or corrected so that the Facility can be used by the public or the CO's or Operating Permits that it believes need to be obtained for the Facility. If the Association and the District do not agree with the items contained in the Punchlist, the District and the Association shall proceed to the informal dispute resolution process described in Section II.A.(vii) below.

(iv) At such time as the Certificate has been accepted by the Association either by written confirmation or inaction, or the Punchlist has been completed to the Association's reasonable satisfaction, or, if the Parties have proceeded to informal dispute resolution pursuant to Section II.A.(vii) below, at such time as such process has been completed and a resolution has been reached, the District shall so notify the Association and the Facility shall be deemed an Association Managed Facility at 12:01 a.m. on the fifth day after the date of such notice, except that the District shall be responsible for any items that are covered by a warranty, and, during the applicable warranty period, shall be responsible for enforcing the warranty against the warranty provider. During any such warranty period, the Association shall notify the District and the Construction Manager of any repair or maintenance items that it believes to be covered by a warranty.

(v) The Association shall have the discretion not to open a Facility to the public until the Punchlist has been completed or the applicable CO's or Operating Permits have been provided.

(vi) The Association shall keep an updated list of the Association Managed Facilities for which it is responsible under this Agreement and shall provide to the District such list on a semi-annual basis and in connection with the Yearly Report provided to the District under Section IV below.

(vii) In the event that the Association and the District disagree with regard to the Punchlist items identified by the Association under Section II.A (iii) above, either Party may deliver written notice to the other Party specifying the items of dispute, and the Parties shall meet within ten (10) days thereafter to attempt to resolve their differences. If the Parties cannot resolve their differences, either Party may submit such differences to a panel (the "Panel") consisting of one representative appointed by each Party and a third member selected by those two

3

In the event that either Party so elects, both Parties shall proceed in accordance with this Section and neither Party may proceed with any other remedies at law or in equity or as specifically contemplated under this Agreement until the process set forth in this Section has been completed. The Panel shall be selected within ten (10) days after either Party notifies the other party of its determination that their differences cannot be resolved. The Panel shall meet and propose a resolution of the Parties' dispute not later than thirty (30) days after all Panel members have been selected. Proceedings of the Panel shall be informal, without hearings or formal submissions, the Panel shall have no power to impose any resolution and its decisions shall meet within fourteen (14) days after issuance of the proposed resolution to seek to resolve their differences based on such resolution. If the Parties are unable to resolve their differences after such meeting, the Parties may proceed to invoke any other remedies at law or in equity or as set forth in Section VI below.

In the event that the District decides to repair or replace such Facility, the District shall proceed with such repair or replacement. Such Facility shall be removed from the list of Association Managed Facilities and Association shall have no obligation for such Facility under this Agreement until such time as the District's Construction Manager notifies the Association that such Facility is completely repaired or replaced and the Association has accepted the Facility in accordance with the procedures set forth in Section II.A above.

The District shall review and make a determination regarding closure or change of use of such Association Managed Facility within sixty (60) days of receipt of the Association's recommendation. The District hereby authorizes the Association to engage in such activities under this Agreement provided that the Association complies with the provisions of this Section and that such activities are not discriminatory in their application to the public and are consistent with all laws governing the use of such Association Managed Facilities. The Association may charge for attendance at such events and may charge vendors for participation in such events, which charges shall be within the Association's sole discretion and shall not be considered to be User Fees under Section III.E above.

### IV. Yearly Report

On or before January 15 of each year of the term, the Association shall provide to the District for its review a report (the "Yearly Report") containing the following items: (1) an update of Exhibit B setting forth a list of all Association Managed Facilities for which the Association is then currently responsible, (2) a review of the costs and expenses of operating, maintaining, repairing and replacing the Association Managed Facilities for the immediately preceding fiscal year, if any, (3) a schedule of any User Fees for use of the Association Managed Facilities under this Agreement and the timing for payment by the District to the Association of the District's share of such costs. Within thirty (30) days after the Association's submission of the Yearly Report to the District, the Association and the District shall complete a revised Exhibit B that updates the list of the Association Managed Facilities so that it is consistent with the list provided in the Yearly Report.

### V. <u>Term</u>

The initial term of this Agreement shall begin on the Effective Date and shall end on the date that is ten (10) years thereafter (the "Initial Term Date"). Thereafter, this Agreement shall automatically renew for successive five (5) year periods, unless either Party gives notice to the other Party at least sixty (60) days prior to the end of any such five-year period, that it desires to terminate this Agreement or unless earlier terminated pursuant to Section VI below. The first such subsequent five-year period shall begin on the Initial Term Date and end on the Date that is five (5) years thereafter (the "Option Term Date"), and each subsequent five-year period shall begin on each Option Term Date and end on the date that is five (5) years thereafter. Any other provision notwithstanding, the District may at any time following at least ninety (90) days prior

written notice to the Association and a reasonable opportunity of the Parties to modify any objectionable provision of this Agreement, terminate this Agreement if the continuation of the Agreement would cause an ongoing and noncurable violation of any law or provision of the District bond indenture, or result in any material financial loss to the District.

### VI. Default and Remedies

A. <u>Default</u>. If either Party fails to perform any of its responsibilities or obligations as required by this Agreement, including without limitation the District's failure to appropriate funds to make payments in accordance with Section II.C above, or if either Party files a petition in bankruptcy or a petition for creditors' relief, and if such failure of performance continues for a period of thirty (30) days following written notice of default from the other Party (or such additional period of time as may reasonably be required to cure such default; provided that the curative action is commenced within such thirty-day period and is diligently and continuously pursued to completion), then the non-defaulting Party, at its option, may elect (i) to treat this Agreement as remaining in full force and effect, (ii) to terminate this Agreement as of any specified date, or (iii) suspend services until the breach is cured.

B. <u>Remedies</u>. In the event of a default as set forth above, the non-defaulting Party shall be entitled to recover damages, including an award of reasonable attorney fees, and to seek any other remedy available at law or in equity, including an action for specific enforcement, for any uncured breach of this Agreement. None of the remedies provided under this Agreement shall be required to be exercised as a prerequisite to seeking any other relief to which such Party may be entitled. B. To the extent allowed by law, and without waiving, releasing or otherwise limiting the protections, immunities, limitations and defenses under the Act or other laws, the District shall indemnify the Association, its directors, officers, agents and employees and hold them harmless from all court costs, attorney's fees, judgments, amounts paid in settlement of

The Parties intend that the Agreement is a management contract meeting the requirements of the IRS Revenue Procedure 97-13, such that the Association Managed Facilities will not be treated as used in a private trade or business within the meaning of Section 141 of the Code. Payment of the civil penalty is due to the MCA within thirty (30) days of its issuance, unless you timely and properly request a hearing. If you fail to pay the civil penalty the MCA may charge a late fee of \$15, interest at a rate of 18% per week and may bring a civil action to collect the penalty pursuant to Section 38-33.3-316 of the Colorado Revised Statutes. A judgment may be entered against you and a lien placed on the property. Paying the civil penalty does not relieve you of responsibility to abate the nuisance. Violations are cumulative in nature and each day the nuisance exists constitutes a separate offense.

In the initial notice of violation, you were provided the opportunity, consistent with MCA policy, to request a hearing of the MCA Compliance Committee. Such request was required to be made within ten (10) days of the date of the initial notice. The MCA to date has received no written request for a hearing. Consistent with MCA policy, you may make request for a hearing before the MCA Compliance Committee where the MCA will have to show the merit of the alleged violation. Such request must be made in writing within ten (10) days of the date of this letter. Failure to timely request an appeal will result in you being deemed to have waived your right to appeal.

If you have any questions regarding this notice, please contact us directly at 303-388-0724.
